

Training - Executive Protection

At EPC, all of our Executive Protection Specialists are thoroughly trained in both basic principles and advanced techniques of executive protection and high end Security. Our training includes use of both classroom lectures and practical field exercises. Most basic training days last eight hours with specific schedules set to meet your specific needs. Course content can include the following:

- Principles of Executive Protection
- Radio Procedures / Communications/ Equipment
- Introduction to Threat Assessment and Risk Analysis
- Advance Survey - Preparation and Planning
- Residential and Travel Security
- Protection Formations/ 2-men, 3-men and 4-men "Simple Diamond" formation
- Attack on Principal Drills
- Motorcade Procedures – Arrival and Departure
- Command Post-Procedures
- Restaurant and Banquet Functions
- Concealed Firearms
- Threat Scenarios
- Mixed Defensive Tactics Street Combat
